

TECHNICAL DATA SHEET

Banana Fragrance Oil

Product Name: Banana Fragrance Oil

Olfactory Classification: Banana Fragrance Oil belongs to the fruity and gourmand fragrance family. It is characterized by the intense aroma of ripe banana with creamy, sweet, and tropical nuances reminiscent of fresh fruit, fruit desserts, and banana cakes.

Description: Banana Fragrance Oil delivers the authentic and instantly recognizable scent of ripe banana, offering a warm, pleasant, and cheerful aroma. The composition is simple and focused on the rich fruity note of banana, without pronounced floral or woody accords. The opening is dominated by the luscious aroma of ripe banana, providing a soft and naturally sweet freshness. The fragrance immediately evokes a sense of tropical warmth and recalls the scent of freshly peeled fruit. The heart of the composition further enhances the creamy and fruity character of banana. The aroma becomes fuller and richer, reminiscent of banana smoothies, fruit creams, and freshly baked banana desserts. In the dry-down, a long-lasting trail of sweet banana remains, leaving a pleasant and enduring fruity impression. The warm and creamy nature of the fragrance contributes to a feeling of comfort and a welcoming atmosphere. The dominant accords of this composition are ripe banana, tropical fruits, creamy notes, and gourmand sweetness.

Application: Banana Fragrance Oil is intended for the manufacture of scented candles, wax melts, reed diffusers, air fresheners, soaps, and other fragranced products. It is particularly suitable for tropical, fruity, and gourmand collections. The recommended concentration depends on the type of product and the desired fragrance intensity. For maximum permitted concentrations, the relevant IFRA Certificate should be consulted.

Banana Fragrance Oil is manufactured in Grasse, France, in accordance with European regulations (CLP Regulation (EC) No. 1907/2006 and 1223/2009/EC) and IFRA standards. It has not been tested on animals.
