

TECHNICAL DATA SHEET

Lavender Flower Ornat Fragrance Oil

Product Name: Lavender Flower Ornat Fragrance Oil

Olfactory Classification: Lavender Flower Ornat Fragrance Oil belongs to the aromatic lavender, herbal fresh, and woody floral fragrance family, with a pronounced lavender, herbal, and elegantly woody character. The composition combines notes of lavender blossom, orange, geranium, mint, patchouli, and cedarwood, creating a natural and sophisticated aromatic fragrance with a calming profile.

Fragrance Oil Description: The composition is fresh, aromatic, and elegantly herbal, with a distinct lavender character and a pleasant woody depth. The fragrance has a medium intensity, excellent diffusion, and a long-lasting aromatic-woody trail.

The opening of the composition is built around lavender blossom and orange. Lavender provides a calming aromatic fullness and natural herbal freshness, while orange introduces a light citrus brightness and gentle fruity warmth that lifts the composition.

At the heart of the fragrance, geranium and mint unfold. Geranium adds a subtle spicy-floral nuance that enhances the sophisticated character of the scent, while mint contributes a clean and refreshing herbal brightness, creating a sense of clarity and natural lightness.

The base structure is composed of patchouli and cedarwood. Patchouli provides earthy and slightly musky depth, while cedarwood adds warm woody stability and an elegant finish that extends the longevity of the composition.

The dominant accords of this fragrance include aromatic lavender, herbal fresh, minty floral, woody cedar, and earthy patchouli profiles. The fragrance leaves a clean, calming, and elegantly aromatic trail with a strong natural character.

TECHNICAL DATA SHEET

Application: Lavender Flower Ornat Fragrance Oil is intended for use in scented candles, wax melts, diffusers, and other fragrance formulations. For wax-based products, the recommended concentration typically ranges between 5–7%, depending on the desired intensity and type of base. This concentration helps preserve the sophisticated olfactory structure characteristic of the Ornat natural fragrance collection.

For wax-based formulations, it is recommended to perform compatibility and performance testing to achieve optimal results. For maximum allowable concentrations, consult the IFRA certificate.

The fragrance oil is manufactured in accordance with European regulations (CLP EC No. 1907/2006 and 1223/2009/CEE) and French IFRA standards.
