Monoï Peach Fragrance Oil

Product Name: Monoï Peach Fragrance Oil

Olfactory Classification: Monoï Peach Fragrance Oil belongs to the Floral–Fruity–Tropical fragrance family, characterized by a warm, exotic, and creamy profile. The composition combines sweet peach notes with exotic floral accords and a soft vanilla-woody base.

Description: The composition is rich, sensual, and well-rounded, exhibiting a medium to strong intensity and good diffusion. The fragrance character is warm, sweet, and tropical, with a pronounced impression of exotic elegance. The opening is formed by a combination of ylang-ylang, juicy peach, and coconut. Ylang-ylang introduces floral depth and an exotic facet, peach provides a soft fruity sweetness, while coconut contributes a creamy tropical dimension, creating a distinctive and inviting first impression.

In the heart of the fragrance, a rich floral bouquet unfolds, dominated by orange blossom, jasmine, and monoï flower. These notes lend elegance and fullness to the composition, accompanied by a refined floral sophistication. Jasmine and orange blossom bring brightness and softness, while the monoï accord further enhances the tropical character of the fragrance.

The base structure is founded on vanilla, a woody accord, and white lily. Vanilla imparts warmth and sweetness, the woody accord provides stability and depth, while white lily contributes a soft floral finish. The dry-down is warm, enveloping, and long-lasting, leaving a pronounced impression of elegance and comfort.

The dominant accords of this composition include tropical floral, fruity sweet, creamy coconut, and vanilla warm profiles, which together create a rich and commercially appealing fragrance character. The tropical and floral aspects are dominant, while the creamy base contributes to the overall harmony and longevity of the fragrance.

TECHNICAL DATA SHEET

Application: Monoi Peach Fragrance Oil is intended for use in fragranced formulations, including scented candles, wax melts, and other perfumery products, where the dosage should be adjusted according to the desired fragrance intensity. Testing is recommended to determine the optimal concentration depending on the type of base and technological system employed. For maximum permitted concentrations, the relevant IFRA Certificate should be consulted. The fragrance demonstrates good stability and uniform diffusion, combined with a pronounced and long-lasting tropical character.

Monoi Peach Fragrance Oil is manufactured in accordance with European regulations (CLP Regulation (EC) No. 1907/2006 and 1223/2009/EC) and IFRA standards. It has not been tested on animals.
