

TECHNICAL DATA SHEET

Pineapple Fragrance Oil

Product Name: Pineapple Fragrance Oil

Olfactory Classification: Pineapple Fragrance Oil belongs to the tropical fruity, exotic cocktail, and juicy gourmand fragrance family, characterized by a pronounced tropical, fruity, and refreshingly sweet profile. The composition combines notes of pineapple, blackcurrant, orange, papaya, pear nectar, rhubarb, raspberry, vanilla, and passion fruit, creating a rich and exotic fragrance inspired by tropical fruit cocktails.

Description: The composition is juicy, exotic, and intensely fruity, enriched with pronounced tropical facets and subtle gourmand nuances. The fragrance exhibits a medium to strong intensity, excellent diffusion, and a long-lasting fruity trail. The opening is built around pineapple, blackcurrant, and orange. Pineapple delivers an explosion of tropical freshness and radiant fruity sweetness, while blackcurrant contributes deeper fruit nuances with a subtle tangy depth. Orange introduces vibrant citrus energy and additional freshness, completing the fruity opening.

The heart of the fragrance unfolds through notes of papaya, pear nectar, and rhubarb. Papaya provides soft exotic richness and a distinctly tropical character, while pear nectar contributes juicy and smooth fruity sweetness. Rhubarb introduces a refreshing tart nuance that balances the richer fruity notes and adds further vibrancy to the composition.

The base structure is founded on raspberry, vanilla, and passion fruit. Raspberry contributes an intense fruity aroma with delicate tangy nuances, while vanilla imparts creamy warmth and softness. Passion fruit rounds out the composition with its exotic tropical character and a long-lasting fruity finish.

The dominant accords of this composition include tropical pineapple, exotic fruit cocktail, juicy berry, creamy vanilla, and passion fruit profiles. The fragrance leaves an intense, juicy, and exotically fruity trail with a subtle creamy finish.

TECHNICAL DATA SHEET

Application: Pineapple Fragrance Oil is intended for the manufacture of scented candles, wax melts, reed diffusers, air fresheners, and other fragranced formulations. The recommended concentration for wax-based formulations generally ranges from 7–10%, while 10–15% is recommended for wax melts, depending on the desired fragrance intensity and the type of base used. For wax-based formulations, preliminary testing of fragrance compatibility and performance is recommended to ensure optimal stability and diffusion. For maximum permitted concentrations, the relevant IFRA Certificate should be consulted. The fragrance demonstrates excellent stability and a pronounced tropical-fruity character.

Pineapple Fragrance Oil is manufactured in accordance with European regulations (CLP Regulation (EC) No. 1907/2006 and 1223/2009/EC) and French IFRA standards.
