

TECHNICAL DATA SHEET

Star Anise Fragrance Oil

Product name: Fragrance Oil "Star Anise".

Olfactory classification: Star Anise Fragrance Oil belongs to the spicy gourmand, aromatic oriental and licorice spice fragrance group, with a warm spicy, aromatic and sweet character. The composition combines notes of star anise, anise seed, licorice, vanilla and cane sugar, creating a rich and distinctive fragrance inspired by spices, winter desserts and aromatic drinks.

Fragrance description: The composition has a pronounced aromatic-spicy character with warm sweet nuances and a soft gourmand finish. The fragrance offers good diffusion, strong longevity and a distinctive trail reminiscent of anise, licorice and traditional spiced confections.

The opening is built around star anise and anise seed. Star anise provides an intense aromatic freshness with a characteristic sweet-spicy profile, while anise seed contributes softer, warmer and slightly earthy nuances that enrich the opening phase of the fragrance.

In the heart of the composition, star anise and licorice develop further. Star anise reinforces the aromatic depth of the composition, while licorice brings a rich dark sweetness and distinctive warmth. This combination creates a pleasant and nostalgic impression reminiscent of traditional winter sweets and aromatic beverages.

The base structure is built on vanilla and cane sugar. Vanilla provides creamy fullness and gourmand softness that smooths the intensity of the spicy notes, while cane sugar adds a gentle crystalline sweetness and rounds off the entire composition.

The dominant accords of this composition include star anise, sweet licorice, aromatic spices, creamy vanilla and a warm gourmand profile. The fragrance leaves a warm, aromatic and pleasantly spicy impression.

TECHNICAL DATA SHEET

Application: Star Anise Fragrance Oil is intended for use in the production of scented candles, wax melts, diffusers and other fragrance formulations. It is particularly suitable for spicy, gourmand, festive and winter-inspired collections due to its rich anise and sweet-spicy character. The recommended concentration depends on the type of base and desired fragrance intensity, with mandatory prior testing for compatibility and diffusion. For maximum allowed usage levels, consultation of the IFRA certificate is required.

Origin & Compliance: This fragrance oil is produced in Grasse, France, and manufactured in accordance with European regulations (EC No. 1907/2006 and 1223/2009/EEC) and IFRA standards.
