

OLIVEM® 1000

INCI Name: Cetearyl Oliviate, Sorbitan Oliviate

Product Code: O100

Brand: Olivem®

Olivem® 1000 is a PEG-free self-emulsifying multifunctional ingredient (white to ivory waxy flakes at 20°C, melting point ~ 70°C). It is a complex combination of fatty acids, chemically similar to the lipidic composition of the skin surface. Olivem® 1000 has the ability to generate liquid crystal structures that mimic the stratum corneum organization. As the sole emulsifier, Olivem® 1000 provides a deep moisturizing effect with excellent spreadability and no soapy effect. It has good compatibility with Dihydroxyacetone and with alpha-hydroxy acids and is useful in formulations with pH 3 – 12. Further, it is COSMOS-validated. The recommended use level for Olivem® 1000 is 1.5 – 4% in o/w emulsions as the sole emulsifier (3 – 4% for higher viscosity systems). Shelf life: 60 months.

Features & Benefits:

- Biodegradable
- COSMOS
- Emulsifying Agent (O/W)
- Moisturizing Agent
- Plant Derived / Vegetal Based

Appearance	Waxy solid in flakes (20°C)
Color	White - ivory
Odor	Slight, characteristic
Soluble In	Alcohol [Ethanol] Ethyl Acetate Glycerin (dispersible) Isopropyl Alcohol Methyl Alcohol Mineral Oil (dispersible) Propylene Glycol (dispersible) Vegetable Oil (dispersible) Water (hot: dispersible)
Toxicology Profile	Biodegradability: Readily biodegradable (28 day - 96%) Repeat Insult Patch Test (Human): Not irritant

Packaging	Drum - 20kgs
------------------	--------------

Regional Approvals:

Global

Applications:

- After Sun Skin Care
 - Daily Wear Sun Care
 - Eye Area Color Cosmetics
 - Facial Cleansers
 - Facial Color Cosmetics
 - Facial Skin Care
 - Hair Conditioners
 - Hand & Body Care
 - Nail Care
 - Self-Tanners
